ORDERING LUNCHES- Online

www.flexischools.com.au is the online service you can use to order your children's lunches. Initially you are required to set up an account. One account per family, this can then be used for all the children in the family. If you have any queries please call into the canteen or ring Flexischools (1300 361769).

ORDERING LUNCHES - Traditionally

Please print clearly on a paper bag; Child's name and the Child's grade. Write clearly the amount of the items being ordered. Include prices and amount of money in bag. Please don't use staples. A bank coin bag is free and can stop the coins spilling out. Folding the paper bag several times can also secure the money.
