

Communications for 2019

Sandringham East Primary School has introduced the Compass platform in 2017. This program is being used to provide parents with feedback about student learning, for parents to provide information on student absences and to communicate information between school and home, and for payment of education contributions for 2019.

As Compass will be our main form of communication, we cannot stress enough the importance of parents having access to Compass, including the ability to receive push notifications and checking it regularly. Parents can access Compass 24/7 via their desktop, laptop, tablet or smartphones, and via the link on the school website. If you are unsure on how to access or use Compass, please contact the school reception.

PLEASE NOTE – Student reports and learning tasks are the responsibility of parents to print off. After the last school day for Level 6 students, there is no longer access to these documents through Compass.
